Dy-Mark Protech Industrial Wipes

Built to perform in the toughest conditions, **Dy-Mark Protech Heavy-Duty Industrial Wipes** deliver exceptional cleaning power with unmatched durability. Constructed from ultra-strong, tear-resistant fabric and infused with an advanced, low toxicity formula, **Dy-Mark Protech Heavy-Duty Industrial Wipes** are designed to handle industrial-level grease, grime, and contaminants with ease.

DIRECTIONS FOR USE

Recommended Uses:

Easy clean-up for: Hands

Industries/Trades:

Auto, Plumbing, Roofing, Electrical, DIY Projects & Household

Before Use:

Remove lid completely and induction seal. Feed the centre of the roll through the lid opening and lock lid into place.

Application:

Apply to affected area until wipe is saturated, and the area is clean. Repeat if necessary.

Caution:

May cause skin or eye irritation. Appropriate PPE to be used in conjunction with this product.

Tip:

To remove the toughest contaminants, add water to the cleaning process and wipe off with a damp cloth.

TECHNICAL DATA

Size:	708g

DISCLAIMER

The information provided within this Technical Data Sheet is intended as a guide only.

Dy-Mark recommends customers undertake their own risk assessment prior to use to determine the suitability of the product for the particular use intended. Some factors to consider:

- Surface type
- Potential exposure to any surface contaminants eg. Water, solvents or chemicals.

It is essential that a sample of the product be applied to the intended area of use to ensure it is acceptable.

For further information please contact the Dy-Mark Sales and Customer Support Centre on 1300 396 275.
